• Silver Knights Enrichment Coding/Engineering Instructor- Current

SKE is a stem program in over 10 counties in the Washington D.C area where I teach the fundamentals of computer science and engineering to the youth.

• Gandhi Brigade- Media Producer

Through this non-profit organization, I helped to produce an award winning documentary that aided legal actions towards the issue of youth incarcerations while interviewing and developing relationships with Maryland Delegates Smith and Moon & Maryland Attorney General Brian Frosh. SKE is a stem program in over 10 counties in the Washington D.C area where I teach the fundamentals of computer science and engineering to the youth.

• FUJAREH Music School

I taught music theory and technology to locals around the DMV area who wanted to learn. Applications of music has been a topic I have been committed to since I was young and I was privileged enough to be teaching it at such a young age, I learned through experience many different methods of teaching, communicating ideas to people, and motivating people.
